## Governors' Camp

Almost a century ago this magical setting was reserved, exclusively, for Kenya's colonial Governors. Governors' Camp is situated in the forest along the winding banks of the Mara River, its waters teeming with bird-life, hippo and crocodile. Created in 1972, Governors' Camp set new standards in luxury for a tented camp. Today it's still Africa's best.

Governors' Camp has 37 luxury tents. The entire camp is under canvas with all of the comforts of a luxury hotel. All of the guest tents at Governors' Camp have recently been renovated and upgraded and are now much bigger. All tents are classic safari style each with en-suite bathrooms, flushing toilets and a private verandah. Some of the tents have views across the plains of the Masai Mara, while the others look over the banks of the meandering Mara River. There is an open bar and dining tent with view over the Mara river and the open plains of the Masai Mara. Room service is available on request. Tea and coffee is served in the tents with the morning wake up call. Bush breakfast, lunch & dinner can be organised on request at a supplementary cost.

## Sayari Camp

Sayari Camp opened in June 2005. This area has been almost untouched by tourists. The camp is still the only permanent one in the remote north-western Serengeti. Far away from the park headquarters in the central Serengeti. Sayari Camp plays an important role in the long-term conservation of the area.

The camp has 15 spacious guest tents which blend perfectly into the majestic landscape. Each tent is beautifully designed with originality using traditional cloth and furniture and has a king-size bed, en-suite bathroom and a private veranda with a comfortable couch, overlooking the Serengeti. There is a dining area, lounge and campfire which create a magical African setting.
